

# Declaration of Safety 「New Hokkaido Style」

Our company is implementing the following

## 「 7 + 1 practices 」

to prevent from spreading infection of COVID-19 !

1. Our staff practice personal protective training, such as wearing masks and frequently wash their hands.
  - Our staff frequently wash hands, gargle throat, and disinfect hands with hand sanitizer.
  - Our staff wear masks.
2. We regularly monitor our staff health condition.
  - We check all staff health condition when they start working.
3. We ventilate the office regularly
4. We regularly keep clean and sanitize equipment.
  - We are conducting additional sanitization of high touch areas throughout our facilities. (knobs, light switches, control panels, faucets, bed & linens, etc.)
  - We disinfect pens placed on the reception counter after using by customers.
5. We practice to reduce person-to-person contact.
  - Perspex screen is placed on the reception counter.
  - We are practicing “Social Distancing” to keep a safe distance at the reception (Footprint signs that indicate the spots for waiting at the reception)
6. We call for our customers to frequently wash hands and “coughing manners” .
  - Hand sanitizer is placed at the reception and our cottages. We ask our customers to cooperate sanitization of their hands.
  - We ask customers to cooperate temperature check when they check in.
7. Using signboard at the reception and our homepage, we actively inform those practices.
- +1. With the implement of Hokkaido COVID-19 notification System, we post QR code in a prominent place.
